ATTENTION: If you do not speak English, language assistance services, free of charge, are available to you. Call 1-888-283-1722 (TTY: 7-1-1).

Care Dimensions, founded as Hospice of the North Shore, provides compassionate care throughout all stages of advanced illness.

Our expansive services and expert staff honor the richness of patient lives – addressing complex medical issues, as well as emotional, spiritual and family concerns. We treat patients with dignity and respect, so they may live as fully as possible.

“Almost immediately after Care Dimensions became involved, we saw an improvement in our mother’s wellness both physically and spiritually.”
OUR INTERDISCIPLINARY HOSPICE TEAM:

- Patient's own physician – primary care or specialist
- Hospice medical director
- Nurses and nurse practitioners
- Social workers
- Spiritual and bereavement counselors
- Hospice aides
- Trained volunteers

SPECIALIZED CARE PROGRAMS

Designed to maximize quality of life and avoid hospitalization, these programs may include medication kits, symptom management tools, and caregiver training and support.

- Dementia
- Chronic conditions (Cardiac and Respiratory)
- Pediatrics

PAIN AND SYMPTOM MANAGEMENT

Care Dimensions' physicians and nurses have specialized expertise in palliative care, which focuses on treating the pain and symptoms that accompany a serious or life-limiting illness. With these under control, many patients enjoy a variety of activities. Hospice nurses are available 24 hours a day, seven days a week, for consultation and visits. Medications and specialized therapies for pain control are delivered to the home.

CAREGIVER AND FAMILY SUPPORT

Support for family and caregivers is a hallmark of Care Dimensions. Our social workers, volunteers, and spiritual and bereavement counselors assist family members of all ages to understand and cope with the challenges of life-limiting illness. We continue reaching out in the difficult months following a loved one's death.

KAPLAN FAMILY HOSPICE HOUSE

Kaplan House is a homelike alternative to hospitalization for patients who require care for acute pain and symptom management.

- Licensed inpatient facility offering acute care for complex pain and symptom management
- Pain and symptom management so patients can return home
- Short-term residential care, based on availability and requires a room and board charge
- Respite care when caregivers need a break, based on availability

WHEN TO CALL CARE DIMENSIONS

Hospice services are available to people of all ages with a limited life expectancy. It is not necessary to be acutely ill to receive hospice care. Early involvement by the Care Dimensions team benefits patients and families by providing support and managing physical symptoms. As illness progresses, so will the intensity of care and involvement of the hospice team.

PAYMENT FOR HOSPICE CARE

Hospice services are covered by Medicare, certain Medicaid and most insurance policies. Contributions from families and the community enable Care Dimensions to provide care to any patient eligible for hospice, regardless of ability to pay.

REFERRALS

Patients, family members and professionals can make a referral by calling our 24/7 Referral Center at 888-287-1255 or online at CareDimensions.org.

“We never felt alone or hopeless thanks to your efforts. We can’t imagine going through this difficult time without your support.”
