Grieving a Beloved Pet

Saturday

April 10

12:00 – 3:00 p.m.

*This group will be held via Zoom conference.
Zoom is a free software available online.*

When a beloved pet dies, it is natural to grieve.

Some may think or say, “it’s just a pet” and think that your pain may pass in a matter of days or with the “replacement” of another animal.

But your pet was a member of your family. You have the right to acknowledge your loss and to grieve.

If you would like to meet with others who have also lost their pets, call us to register for this one-time workshop led by a licensed counselor with bereavement expertise.

**Space is limited so pre-registration is required by April 5.
With questions or to register, please call Kerianne O’Keefe at
855-774-5100 or email grief@CareDimensions.org**
