

Care Dimensions Hospice Nurse Residency Program

Apply now for hands-on training program to introduce nurses to the field of hospice and palliative care

Open to new graduates and experienced RNs and LPNs new to hospice and palliative care

Program details:

- Starts February 5, 2024
- New grad nurses will have a six-month residency and must have their Massachusetts LPN or RN license by January 31, 2024.
- Experienced nurses will have a three-month residency.
- Curriculum includes classroom lectures, simulated patient care scenarios, field observations and guided mentorship by a dedicated preceptor. Training will be based out of our Danvers and Waltham locations.
- Nurse residents will be employed at Care Dimensions during the residency and work in an LPN or RN Case Management role following graduation.
- Eligibility to sit for national certification in hospice and palliative care (CHPN).

Applications will be accepted until January 10, 2024.
